(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from the Santa Fe and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,000 grains of alkaline salts to the gallon; being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures attested to in the following diseases:—Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis, and Mercurial Affections, Scrofula, Catarrh, Le Gripe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. ## MINOR CITY TOPICS.

U. S. weather bureau forecast for New Mexico: Partly cloudy weather to night and Thursday; warmer.

The various candidates on the late Citizens' ticket admit that it showed enough yesterday to lay the dust for at least 12 months.

The funeral of the late Mrs. Maestas was conducted from the cathedral at 8 o'clock this morning. The remains were interred in Rosario cemetery.

The New Mexican sincerely hopes that after today no further explanations as to "how it happened" will be placed on file. Explanations become fatiguing after a while.

Regular meeting of Carleton Post G. A. R. at 1:30 p. m. sharp. Muster in of recruits and other business of importance to be transacted. Visiting comrades cordially invited.

Mayor Hudson is one of the most public-spirited men in the city of Santa Fe. He can be depended upon to work like a Trojan for the promotion of the interests of his home and his family and those are the kind of people that should govern Santa Fe.

No doubt is entertained by those who know him best that Mayor Hudson will labor in season and out of season to promote the interests of Santa Fe. His administration will prove a conspicuous success. Mark the prediction.

The wagon road between Santa Fe and Bland is reported to be in superb condition, but the people of the Capital city must not weary in well doing. The New Mexican will be contented until it is permitted to record the fact that the Golden Coach and Santa Fe have been brought into the intimate relations that will result from the establishment of daily stage and mail service between this city and Bland.

At Guadalupe church the offices of the holy week will be celebrated this year solemnly, as follows: Holy Thursday, solemn mass at 8 a. m., with deacon and sub deacon; on Good Friday, the office will be at 8 a. m.; in the evening at 3 o'clock; "The Way of the Cross" in English at 7 a. m., sermon on "The Passion" by Rev. J. D. Raches; on Holy Saturday, the office will commence at 7 a. m. and will be solemn. P. Gilbertson, pastor.

**Notice to Patrons.**  
On and after April 1st, no books will be kept at the City Meat Market, and all such business will be discontinued. Common books now out will be redeemed as per agreement, and new books sold for cash only. This move is taken in order to avoid the expense of book-keeping and collecting, and customers will receive the benefit of the saving. The choicest Kansas City meats will be sold at rock bottom prices. We will expect all outstanding accounts to be settled prior to April 1st.

**LAS VEGAS CITY ELECTION.**  
Citizens' Ticket Elected—Republican Defeat Due to Apathy of Voters.

Special to the New Mexican.  
Las Vegas, April 6.—The entire Citizens' ticket was elected. For mayor, Coors' majority over Fort was 221; for clerk, Tamme's majority over Rankin was 200; for treasurer, Perry's majority over John S. Clark was 145. The defeat of the Republicans is due to the fact that the ticket was nominated until the night before the election and no organized effort was made to win.

**ALBUQUERQUE CITY ELECTION.**  
Republicans Elected Mayor, Democrats Best of Ticket.

Special to the New Mexican.  
Albuquerque, April 6, 1898.—In the city election on yesterday the Republicans elected Frank W. Clancy for mayor by 80 majority against O'Reilly, and elected the city board of education by small majorities.

The Democrats elect Trimble for treasurer, Medler for clerk and the entire aldermanic ticket.

Several corporations put up a big slush fund and assisted the Democrats in electing their board of aldermen nominees.

**Victory Wants a Soft Soap.**  
Ex-Solicitor General Victory, being of the opinion that he may get some of the territory's public funds as solicitor general de jure or de facto or in some other manner, has filed a protest with the auditor of the territory, stating that he was solicitor general and was entitled to the pay and emoluments of the office. If the auditor takes any notice of Mr. Victory's position, the chances are, that the law will be invoked against him. There are severe penalties prescribed for failure of duty on the part of the auditor. The best lawyers agree that it is the auditor's duty to recognize the governor's commission and the certificates of appointment filed by the secretary of the territory and officers appointed in his office.

## OFFICIAL DOINGS.

Resignations and Appointments—Council Employed for the Fountain Case—The Executive Busy.

William E. Martin, territorial coal oil inspector, has tendered his resignation as such to take effect at once, and the same has been accepted by the governor, and Mr. John S. Clark was appointed to fill the vacancy.

Albino Gallegos, a member of the board of county commissioners of Union county, has tendered his resignation as such and the same has been accepted by the governor.

Orders have been issued by the executive to Major Van Patten, by Las Cruces, to hold his three companies of territorial national guards in readiness for duty and upon call or orders from the governor to report at once to Sheriff Patrick E. Garrett, of Dona Ana county, for the purpose of preserving the peace, keep law and order or to act as a posse to aid the sheriff in making arrests. This action was had by Governor Otero as it was reported by the proper officials and leading citizens of Dona Ana county, that trouble might arise over the arrest of the men charged with the murder of Albert J. Fountain and 12-year-old son, or that an attempt to rescue the men already arrested and in jail, charged with this offense, might be made.

Hon. T. B. Catron has been employed by Governor Otero on behalf of the territory to assist District Attorney John D. Bryan of Dona Ana county, and W. B. Childers, Esq., employed by the citizens, in the prosecution of the men charged with the murder of the late Albert J. Fountain and his twelve year old son, on February 1st, 1898.

The resignation of Mr. Placido Sandoval as territorial superintendent of public instruction has been accepted by the governor to take effect May 7th.

**New Coal Oil Inspector.**

**The Weather.**  
The weather yesterday was fair and warmer with light southerly winds, the maximum temperature reaching 50 and the minimum 36 degrees. The mean relative humidity was 44 per cent. Partly cloudy weather is indicated, for tonight and Thursday.

**AN INTERESTING EXHIBIT.**  
Indian Office Arranging for a Congress of American Tribes at Omaha—Fifty Indians to Be Sent from Among Pueblos and Jicarillas.

Captain Chas. L. Cooper, acting Indian agent for the Pueblo and Jicarilla agency in this city, is in receipt of a letter from the office of Indian affairs in Washington regarding an Indian encampment or congress to be assembled at the Omaha exposition, which opens June 1, 1898.

It is the purpose of the proposed gathering of Indians to make an extensive exhibit illustrative of the mode of life, native industries and ethnic traits of as many of the aboriginal American tribes as possible, and to that end it is proposed to bring together selected families or groups from all the principal tribes, and camp them in tepees, wigwams, and other native buildings on the exposition grounds, and there permit them to conduct their domestic affairs as they do at home, and make and sell their wares for their own profit.

The Indians are rapidly passing away, or modifying their original habits and industries by adopting those of civilization, and it is thought that an assemblage of the kind proposed would not only be beneficial to the Indians participating but would be interesting and profitable to a majority of the people who will attend the exposition, and show them the difficulties the Indian office is confronted with in its efforts to educate and civilize the Indian.

In order that the encampment may be as true to the natural life of the Indians as possible, the Indian office desires that the domestic articles and implements of warfare collected be as primitive as possible, and that materials be brought to erect the dwellings in which it is proposed to make a special exhibit of the Indians under Captain Cooper's agency, he is requested to assist in the collecting and arranging the things to be taken to the encampment. The delegation from the agency will consist of at least 50 Indians, but that number will be subject to change.

To carry out this plan, there is now pending in congress an amendment to the Indian appropriation bill, appropriating \$45,000 to defray the expenses of the encampment, and it is thought that the appropriation will be made. The Indians will not be at any expense for transportation or living while at Omaha, and will be well cared for.

Captain W. A. Mercer, U. S. A., will have charge of the congress on the part of the Indian office, and a specialist from the bureau of ethnology, probably Mr. James Mooney, will be detailed to assist in the preparation of the exhibit, while other specialists will have charge of the selection of the delegations and the collection of materials.

While all the details of the Indian congress have not yet been perfected, plans have progressed far enough to assure one of the most interesting features of the Transmississippi exposition.

## The Pay of the Solicitor General.

It is understood that Auditor Marcelino Garcia declined to pay the salary for the month of March of Solicitor General E. L. Bartlett. The latter this morning filed a petition for a mandamus directing the auditor to comply with the letter and spirit of the law and draw a warrant for the solicitor general's salary for March in favor of Edward L. Bartlett.

This mandamus issued out of the court of this district was served on the auditor at 2 this afternoon and that officer had the good sense and judgment to pay prompt and instant attention to the same and drew a warrant for the payment of the salary of the solicitor general, as directed in the mandamus. This is a little hard on the claim of ex-Solicitor General J. P. Victory, but is in accordance with the law and the equitable phases of the case. The law is supreme and must take its course.

**A POPULAR MISTAKE.**  
Regarding Remedies for Dyspepsia and Indigestion.

The national disease of Americans is indigestion or in its chronic form, dyspepsia, and for the very reason that it is so common many people neglect taking proper treatment for what they consider trifling stomach trouble, when as a matter of fact, indigestion lays the foundation for many incurable diseases. No person with a vigorous, healthy stomach will fall a victim to consumption. Many kidney diseases and heart troubles date their beginning from poor digestion; thin, nervous people are really so because their stomachs are out of gear; weary, languid, faded out woman owe their condition to imperfect digestion.

When nearly every person you meet is afflicted with weak digestion it is not surprising that nearly every secret patent medicine on the market claims to be a cure for dyspepsia, as well as a score of other troubles, when in fact, Dr. Woorther says, there is but one genuine dyspepsia cure which is perfectly safe and reliable, and moreover, this remedy is not a patent medicine, but it is a scientific combination of pure pepsin (free from animal matter), vegetable essences, fruit salts and bicarbonate. It is sold by druggist under name of Stuart's Dyspepsia Tablets. No extravagant claims are made for them, but for indigestion or any stomach trouble, Stuart's Dyspepsia Tablets are far ahead of any remedy yet discovered. They act on the food eaten, no dieting is necessary, simply eat all the wholesome food you want and these tablets will digest it. A cure results, because all the stomach needs is a rest, which Stuart's Dyspepsia Tablets give by doing the work of digestion.

Druggists sell these tablets at 50 cents per package. Little book on stomach diseases and testimonials sent free by addressing Stuart Co., chemist, Marshall, Mich.
